FOR IMMEDIATE RELEASE

**COFFEYVILLE RESOURCES WINS KANSAS DEPARTMENT OF COMMERCE
BUSINESS EXCELLENCE AWARD**

KANSAS CITY, KAN. (June 5, 2007)—Coffeyville Resources, LLC today announced that the Kansas Department of Commerce awarded the company the Business Excellence Award at the department's Business Appreciation Month Awards east central ceremony in Paola, Kan.

The award, which is based on overall business growth and community involvement, is the top honor for the manufacturing/distribution category for the region. The east central region includes Wyandotte, Johnson, Douglas, Franklin, Leavenworth and Miami counties.

"We are honored to be recognized in Kansas for our contribution to our communities and the state," said Jack Lipinski, chief executive officer. "We were in great company with the list of nominated businesses, and to earn the Business Excellence Award is a testament to what we have accomplished."

This year, 270 companies from seven regions in the state were nominated for the awards. A panel of judges from the business community selected one Business Excellence Award winner and recognized two to three Business Achievement recipients and several Merit winners in each category for all seven regions.

"We are thrilled to visit Paola and recognize the east central Kansas businesses that make this state strong," said Commerce Secretary David Kerr. "By designating June as Business Appreciation Month, we foster a year-long appreciation for the crucial role our Kansas businesses play in the state's prosperity and quality of life."

About Coffeyville Resources, LLC

Coffeyville Resources, LLC is an independent refiner and marketer of high value transportation fuels and a producer of ammonia and urea ammonia nitrate, or UAN, fertilizers. Coffeyville Resources is one of only seven petroleum refiners and marketers in the Coffeyville supply area

(Kansas, Oklahoma, Missouri, Nebraska and Iowa) and, at current natural gas prices, the lowest cost producer and marketer of ammonia and UAN in North America. Coffeyville Resources' group of companies includes Coffeyville Resources Refining & Marketing, LLC, a 108,000 BPD oil refinery in Coffeyville, Kansas; Coffeyville Resources Crude Transportation, LLC, a crude oil gathering system serving central Kansas and northern Oklahoma; Coffeyville Resources Terminal, LLC, a refined products terminal in Phillipsburg, Kansas; Coffeyville Resources Pipeline, LLC; and Coffeyville Resources Nitrogen Fertilizers, LLC, which operates a unique coke gasification-based nitrogen fertilizer plant adjacent to the refinery that annually produces over 700,000 tons of nitrogen fertilizer products. Coffeyville Resources generated approximately \$3 billion in combined net sales in 2006. For more information, please visit www.coffeyvillegroup.com.
