**COFFEYVILLE RESOURCES PROVIDES FEMA INDIVIDUAL ASSISTANCE FILING
FOR KANSAS AND OKLAHOMA RESIDENTS**

COFFEYVILLE, Kan (July 9, 2007) – Starting today, staff at the Coffeyville Resources claims office will be assisting victims of the recent record-setting flooding with online filing for FEMA individual assistance. Computer terminals have been provided for residents at the claims office located at 900 Hall St. in Coffeyville.

Kansas and Oklahoma flood victims are invited to apply for FEMA assistance between the hours of 9:00 am and 7:00 pm. Volunteers will be on hand to help residents with questions and technical assistance in filling out their applications.

The staff at the claims office will also assist local residents file claims related to recent flooding and an oil overflow at its local refinery. The office hours for oil-related claims assistance are 7 am to 8 pm.

Residents with oil-related claims can also call the claims call center at 1-800-958-5380, which is answered 24 hours a day. Call center operators collect property owners' information and then forward it to claims adjustors. The claims adjustors will contact the property owners to schedule an appointment as soon as possible. Operators also will be able to direct callers to local, state and federal disaster response agencies for additional assistance.

About Coffeyville Resources, LLC

Coffeyville Resources, LLC is an independent refiner and marketer of high value transportation fuels and a producer of ammonia and urea ammonia nitrate, or UAN, fertilizers. Coffeyville Resources is one of only seven petroleum refiners and marketers in the Coffeyville supply area (Kansas, Oklahoma, Missouri, Nebraska and Iowa) and, at current natural gas prices, the lowest cost producer and marketer of ammonia and UAN in North America. Coffeyville Resources' group of companies includes Coffeyville Resources Refining & Marketing LLC, a 108,000 BPD oil refinery in Coffeyville, Kansas; Coffeyville Resources Crude Transportation, LLC, a crude oil gathering system serving central Kansas and northern Oklahoma; Coffeyville Resources Terminal, LLC, a refined products terminal in Phillipsburg, Kansas; Coffeyville Resources Pipeline, LLC; and Coffeyville Resources Nitrogen Fertilizers, LLC, which operates a unique coke gasification-based nitrogen fertilizer plant adjacent to the refinery that annually produces over

700,000 tons of nitrogen fertilizer products. Coffeyville Resources generated approximately \$3 billion in combined net sales in 2006. For more information, please visit www.coffeyvillegroup.com.
